

DIGITAL
COMMERCE ALLIANCE™

"Trade for Good"

DigComAll.org

Digital Commerce Alliance (DCA) is a global non-profit trade association focused on driving the future of commerce by promoting collaboration, technology standards and education in the areas of fin-tech, card-linking, mobile wallets and financial data.

The Digital Commerce Alliance includes three distinct divisions, each with a best-practice digital commerce focus:

CardLinx Forum drives interoperability and the elimination of friction in the card-linking and card-linked offers industry.

CardLinx.org

Mobile Wallet Forum advances collaborative partnerships for the next generation of mobile commerce.

MobiWall.org

Financial Data Forum promotes standardization and best practices for financial data transparency, security and interoperability. (To launch Sept. 2021.)

FinDatFor.org

DCA Value Proposition

Driving the future of commerce/trade by making it a better, more friction-free experience for all parties, including consumers.
